Some advantages of choosing ShoreTel®

ShoreTel Integration

The ShoreTel Integration application is easy to install and intuitive to use, ensuring a smooth transition into daily business operations. Once installed, organizations can realize the benefits of integrated IP telephony without changing established procedures, roles or workflows.

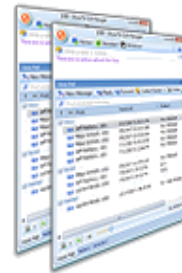

ShoreTel Handsets

ShoreTel offers a wide range of IP phones with the right solution for every user—from executive to remote office worker, and operator to call center supervisor. ShoreTel IP Phones offer all the advanced features and quality that users demand, and are preconfigured to match the ShoreTel Unified Communications (UC) system for quick and easy installation.

ShoreTel Communicator

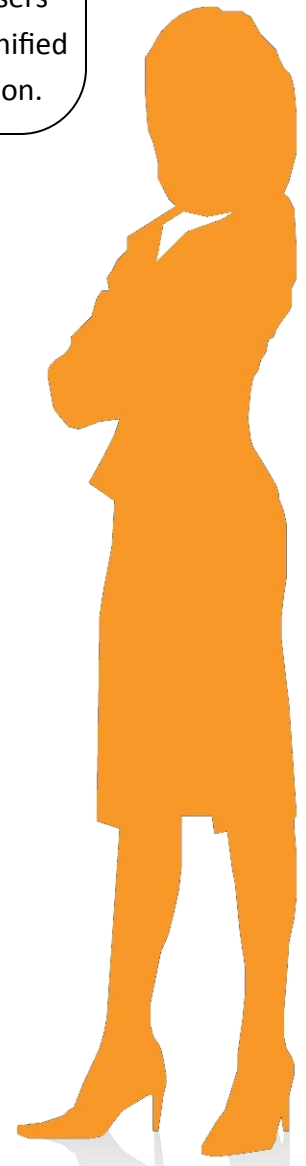

ShoreTel Communicator is a powerful unified communications (UC) application for users across an organization, whether an operator, a contact center agent, a knowledge worker or a road warrior. Available on multiple operating systems, ShoreTel Communicator makes it easy for people to communicate however they choose: by video, voice (wired or wireless), instant messaging (IM), and more.

ShoreTel Mobility Solution

ShoreTel Mobility extends the full power of a desk phone and Unified Communications (UC) capabilities to a mobile device and sets the user free to communicate from any location (office, home, hotspots) by enabling access to any network (cellular or Wi-Fi), simply and cost effectively.
